*Please keep in mind that the amounts listed above are **estimates only!** The cost of your cycle could be higher or lower than quoted. This information is to help with budgeting only. You also need to consider clinic and medication costs which will differ from state to state and are not included or quoted in this fee schedule. Complications (e.g., poor egg response to stimulation meds, high-risk pregnancies, multiple births, etc...) are likely and will add to your expenses. Any fees incurred by AEM on behalf of the Egg Donor, Gestational Carrier or Intended Parents are to be reimbursed by the Intended Parents in a timely manner.

Fees are quoted as of March 2013 and are subject to change without prior notice.

THE OPENING BALANCE FOR TRUST SET UP REQUIRES FUNDING IN THE AMOUNT OF \$90,000 FOR DOMESTIC CYCLES. INTERNATIONAL CYCLES WILL REQUIRE ADDITIONAL FUNDING. THE ESCROW ESTIMATES CAN BE MORE ACCURATELY QUOTED ONCE YOU HAVE CHOSEN YOUR SURROGATE. ESCROW MUST BE SATISFIED IN FULL ONCE THE YOUR CHOSEN SURROGATE HAS BEEN MEDICALLY CLEARED AND AGENCY AGREEMENT IS SIGNED. ADDITIONAL DEPOSITS TO THE ESCROW MAY BE REQUIRED DEPENDING UPON THE AMOUNT OF MEDICAL INSURANCE AND/ OR OTHER RELATED EXPENSES THAT MAY BE INCURED DURING THE SURROGACY/DONATION CYCLE.

ANY UNUSED FUNDS WILL BE REIMBURSED ONCE ALL MEDICAL BILLS HAVE BEEN SATISFIED. PLEASE NOTE, THIS COULD BE A 6-12 MONTH PERIOD DEPENDING ON INSURANCE REQUIREMENTS.

*This retainer is utilized to pay for travel expenses for your GC to your fertility clinic for her screening. Any unused funds will be refunded minus a \$500 retainer should your GC not pass her screening. Upon approval however, the unused funds will be credited to your escrow and the \$500 credited towards your agency fee. The \$500 retainer is transferable to additional surrogates until clinical approval is achieved.
